- Brain Power Bins Update (Maureen)
  - Letters sent out to publishers to get permission to use pages of their materials have been returned, but email requests have yielded two positive responses so far. Since the attempt to reach the publishers for permission has been made, this should offer protection against legal issues if they come up.
  - Christy from the district office has a substitute working on putting bins together.
  - There is an issue with the number of copies that have been made for the bins that is being straightened out.
  - Brain Power Bins should be in circulation by the end of next week.
  - Publicizing the bins
    - Second grade teachers attending the district meeting on the 24<sup>th</sup> will be told about the existence of the bins.
    - Instructional specialists will inform teachers about the bins at staff meetings.
    - Concern has been expressed that if the bins are not located in the classrooms (as opposed to the resource rooms) this may limit their use.
    - Need to promote how the bins should be used.
- Quest Nominations
  - Greg will inform 2<sup>nd</sup> grade teachers about the Quest nominations at the district meeting.
  - Discussed 'robo-call' announcement of Quest nominations.

- SKSD Gifted Ed Programs Compare Favorably to Programs in Other Areas (Maureen)
  - o Funding for gifted education is mandated in our state as part of general education.
  - o SKSD is supportive of the Quest program.
  - o SKSD's Quest elementary program is an entire day per grade level and has it's own classroom which is well equipped with computer notebooks.

  - Joanne speculated that we could apply for a permit to host an event at one of the schools in one of the multi-purpose rooms.
  - Maureen wondered if we should invite a speaker. Could do a Powerpoint presentation.
  - Decided we might want to see what the response is after announcing ACOS on Facebook before deciding what sort of kick-off event would be appropriate.
